Describe your security, in detail, to prevent unauthorized access to the MLS content (attachment, if needed):

Data will be delivered via Spark API.

Vendors are required to automatically authenticate a customers' active subscribership status with the Arizona Regional Multiple Listing Service through use of the Agent Roster and submission of a monthly user roster for auditing purposes.

Are you able to provide this authentication? No Yes

How many, if any, ARMLS Brokers currently subscribe to your product or service?

Other information for consideration / if data will be used for email blasting, online ads, etc. (attachment, if needed)

Disclaimer and Signature

I certify that my answers are true and complete to the best of my knowledge. I understand that false or misleading information may result in the denial of access to the ARMLS content. This application does not constitute an agreement between applicant and ARMLS.
